2. [REDACTED] entered on duty with the Agency in March 1954 with the Far East Branch of OCI. In June of 1955, he was one of the OCI intelligence officers attached to ORR for the purpose of establishing the Current Support Staff. In 1956, he was transferred to ORR and subsequently became chief of the Foreign Economic Relations Section, St/CS. He held that position until June 1960, when he was assigned to the DD/I contingent [REDACTED]. He returned [REDACTED] in June 1962 and was sponsored to graduate training in economics at [REDACTED] from September 1962 through January 1963 when he returned to the Current Support Staff. He has served as deputy chief of the staff for more than a year. For the immediate future, [REDACTED] will continue in his present assignment. In addition to his qualifications for assuming full responsibility as Chief of the Current Support Staff at some future date, [REDACTED] background and experience qualify him to supervise research at the branch chief level in several substantive branches in this Office. His future assignment(s) in this Office will be in accord with these qualifications. [REDACTED] has demonstrated his potential for undertaking more responsible assignments and we have every expectation that he will advance to the GS-15 level.

2. This Office considers [REDACTED] to be a strong candidate for this position and, in the opinion of the ORR Career Board, he clearly has the capability to do an excellent job in this assignment. However, his selection for this 2-year PCS assignment would represent a serious loss to this Office. [REDACTED] is working primarily on the Soviet area and is heavily involved in research and analysis in support of priority intelligence requirements of the Department of Defense. It would be extremely difficult to obtain and train a replacement to take over his current responsibilities within the next 2-3 months.
